

Change the face of Human Resources

The HR Catalyst Academy™

We provide strategic and forward-thinking HR professionals the tools and resources to deliver a robust curriculum and a repeatable process focused on human resources systems and management.

As a certified HR Catalyst™, you'll work directly with top executives and HR teams to develop and execute a strategic game plan, from immediate tactical adjustments to achieving long-term goals. By fostering winning team cultures, you'll drive significant organizational growth.

Create great places to work

Become a Catalyst for Change

Enhance your HR consulting practice by becoming a certified HR Catalyst™. Our comprehensive course empowers you to master and deploy Gameplan's proprietary HR Operating System™ and our 27 HR Disciplines™ to our clients.

Employees today are looking for more than a good salary and benefits. They are searching for a culture that fits with their values and desired lifestyle.

HR Catalysts™ bridge this gap by acting as the team captain, leading an organization's HR game plan. They implement the tools and strategies required to overcome HR challenges and create a thriving work culture where both employees and employers win.

Certified HR Catalysts™ lead a company's executive team and HR department to map out the organization's three-year vision, one-year plan, and quarterly priorities.

By joining the HR Catalyst Academy™, you'll develop HR leadership skills from top experts, become part of a larger network of HR professionals, and gain access to fractional HR work opportunities as a valued member of our team.

Join us for our next Academy this Fall!

October 15 | October 22 | October 29 | November 6
